

## CARD12 (11T8) Rabbit Monoclonal Antibody

Catalog# UZ-MA00586

### Product information

|            |                                                                                                                                                                                                                                                 |

| 背景介绍       | Key component of inflammasomes that indirectly senses specific proteins from pathogenic bacteria and fungi and responds by assembling an inflammasome complex that promotes caspase-1 activation, cytokine production and macrophage pyroptosis |
| 纯化         | Affinity Purification                                                                                                                                                                                                                           |
