| 别名         | B71; Ly53; TSA1; Cd28l; Ly-53; MIC17                                                                                                                                                    |
| 产品名称       | CD80 (2O4) Rabbit Monoclonal Antibody                                                                                                                                                   |
| 类别         | 抗体产品                                                                                                                                                                                    |
| 推荐应用       | WB                                                                                                                                                                                      |
| 反应种属       | Mouse                                                                                                                                                                                   |
| 存储缓冲液      | Supplied in 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40%Glycerol, 0.01% New type preservative N and 0.05% BSA.                                                                            |
| 免疫原        | Recombinant protein of mouse CD80                                                                                                                                                       |
| 稀释度        | WB 1:1000                                                                                                                                                                               |
| 参考分子量      | 60kDa                                                                                                                                                                                   |
| 预测分子量      | 35kDa                                                                                                                                                                                   |
| 运输及保存条件    | -20°C/1 year                                                                                                                                                                            |
| 宿主         | Rabbit                                                                                                                                                                                  |
| 同种型        | IgG                                                                                                                                                                                     |
| 背景介绍       | Involved in the costimulatory signal essential for T lymphocytes activation. T-cell proliferation and cytokine production is induced by the binding of CD28 or CTLA-4 to this receptor. |
| 纯化         | Affinity Purification                                                                                                                                                                   |
| Uniprot ID | Q00609                                                                                                                                                                                  |
| Clonality  | Monoclonal                                                                                                                                                                              |
