

## Casein Kinase 2 beta (11V9) Rabbit Monoclonal Antibody

Catalog# UZ-MA01085

### Product information

|                     |                                                                                                                 |
|---------------------|-----------------------------------------------------------------------------------------------------------------|
| 产品货号                | UZ-MA01085                                                                                                      |
| 别名                  | CK II beta; CK2B; CK2N; CSK2B; CSNK 2B; csnk2b; G5A; Phosvitin; Protein G5a;                                    |
| 产品名称                | Casein Kinase 2 beta (11V9) Rabbit Monoclonal Antibody                                                          |
| 纯度                  | Affinity-chromatography                                                                                         |
| 类别                  | 抗体产品                                                                                                            |
| 基因名称                | CSNK2B                                                                                                          |
| 推荐应用                | WB,IHC-P,IF-P,IF-ICC,FCM                                                                                        |
| 反应种属                | Human,Mouse,Rat                                                                                                 |
| 存储缓冲液               | Supplied in 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40%Glycerol, 0.01% New type preservative N and 0.05% BSA.    |
| Human Gene ID       | 1460                                                                                                            |
| Human Swissprot No. | P67870                                                                                                          |
| 免疫原                 | A synthetic peptide of human Casein Kinase 2 beta                                                               |
| 稀释度                 | WB 1:1000, IHC-P/IF-P 1:100-1:200, IF-ICC 1:100-1:200, FCM 1:20-1:50                                            |
| 参考分子量               | 25kDa                                                                                                           |
| 预测分子量               | 25kDa                                                                                                           |
| 运输及保存条件             | -20°C/1 year                                                                                                    |
| 宿主                  | Rabbit                                                                                                          |
| 同种型                 | IgG                                                                                                             |
| 注意事项                | Casein Kinase 2 beta Antibody is for research use only and not for use in diagnostic or therapeutic procedures. |
| Clonality           | Monoclonal                                                                                                      |
