

## DNA Polymerase gamma (17H12) Rabbit Monoclonal Antibody

Catalog# UZ-MA01377

### Product information

|                     |                                                                                                                 |
|---------------------|-----------------------------------------------------------------------------------------------------------------|
| 产品货号                | UZ-MA01377                                                                                                      |
| 别名                  | MDP1; PEO; PolG alpha; POLG; POLG1; POLGA; SANDO; SCAE;                                                         |
| 产品名称                | DNA Polymerase gamma (17H12) Rabbit Monoclonal Antibody                                                         |
| 纯度                  | Affinity-chromatography                                                                                         |
| 类别                  | 抗体产品                                                                                                            |
| 基因名称                | POLG                                                                                                            |
| 推荐应用                | WB                                                                                                              |
| 反应种属                | Human,Mouse,Rat                                                                                                 |
| 存储缓冲液               | Supplied in 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40%Glycerol, 0.01% New type preservative N and 0.05% BSA.    |
| Human Gene ID       | 5428                                                                                                            |
| Human Swissprot No. | P54098                                                                                                          |
| 免疫原                 | A synthetic peptide of human DNA Polymerase gamma                                                               |
| 稀释度                 | WB 1:1000-1:5000                                                                                                |
| 参考分子量               | 140kDa                                                                                                          |
| 预测分子量               | 140kDa                                                                                                          |
| 运输及保存条件             | -20°C/1 year                                                                                                    |
| 宿主                  | Rabbit                                                                                                          |
| 同种型                 | IgG                                                                                                             |
| 注意事项                | DNA Polymerase gamma Antibody is for research use only and not for use in diagnostic or therapeutic procedures. |
| 细胞定位                | Mitochondrion. Mitochondrion matrix, mitochondrion nucleoid                                                     |
| Clonality           | Monoclonal                                                                                                      |
