

## ENO1 (9I18) Rabbit Monoclonal Antibody

Catalog# UZ-MA01524

### Product information

|                     |                                                                                                                                                                                                                             |

| 宿主                  | Rabbit                                                                                                                                                                                                                      |
| 同种型                 | IgG                                                                                                                                                                                                                         |
| 注意事项                | ENO1 Antibody is for research use only and not for use in diagnostic or therapeutic procedures.                                                                                                                             |
| 细胞定位                | Cytoplasm. Cell membrane. Cytoplasm, myofibril, sarcomere, M line. Note=Can translocate to the plasma membrane in either the homodimeric (alpha/alpha) or heterodimeric (alpha/gamma) form. ENO1 is localized to the M line |
| Clonality           | Monoclonal                                                                                                                                                                                                                  |
