| 产品货号                | UZ-MA01981                                                                                                   |
| 别名                  | GSK 3 alpha; GSK 3A; GSK-3 alpha; Gsk3a; GSK3alpha;                                                          |
| 产品名称                | GSK3 alpha (2M16) Rabbit Monoclonal Antibody                                                                 |
| 纯度                  | Affinity-chromatography                                                                                      |
| 类别                  | 抗体产品                                                                                                         |
| 基因名称                | GSK3A                                                                                                        |
| 推荐应用                | WB,IHC-P,IF-P,IF-ICC                                                                                         |
| 反应种属                | Human,Mouse,Rat                                                                                              |
| 存储缓冲液               | Supplied in 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40%Glycerol, 0.01% New type preservative N and 0.05% BSA. |
| Human Gene ID       | 2931                                                                                                         |
| Human Swissprot No. | P49840                                                                                                       |
| 免疫原                 | A synthetic peptide of human GSK3 alpha                                                                      |
| 稀释度                 | WB 1:1000-1:5000, IHC-P/IF-P 1:50, IF-ICC 1:100-1:200                                                        |
| 参考分子量               | 51kDa                                                                                                        |
| 预测分子量               | 51kDa                                                                                                        |
| 运输及保存条件             | -20°C/1 year                                                                                                 |
| 宿主                  | Rabbit                                                                                                       |
| 同种型                 | IgG                                                                                                          |
| 注意事项                | GSK3 alpha Antibody is for research use only and not for use in diagnostic or therapeutic procedures.        |
| Clonality           | Monoclonal                                                                                                   |
