| 产品货号       | UZ-MA02309                                                                                                                                                                |
| 别名         | CD54; Ly-47; Icam-1; MALA-2                                                                                                                                               |
| 产品名称       | ICAM1 (5X12) Rabbit Monoclonal Antibody                                                                                                                                   |
| 类别         | 抗体产品                                                                                                                                                                      |
| 推荐应用       | WB,IHC-P,IF-P                                                                                                                                                             |
| 反应种属       | Mouse                                                                                                                                                                     |
| 存储缓冲液      | Supplied in 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40%Glycerol, 0.01% New type preservative N and 0.05% BSA.                                                              |
| 免疫原        | Recombinant protein of mouse ICAM1                                                                                                                                        |
| 稀释度        | WB 1:1000, IHC-P/IF-P 1:200-1:2000                                                                                                                                        |
| 参考分子量      | 90-110kDa                                                                                                                                                                 |
| 预测分子量      | 59kDa                                                                                                                                                                     |
| 运输及保存条件    | -20°C/1 year                                                                                                                                                              |
| 宿主         | Rabbit                                                                                                                                                                    |
| 同种型        | IgG                                                                                                                                                                       |
| 背景介绍       | This gene encodes an integral membrane protein that binds leukocyte adhesion protein LFA-1. It participates in the innate immune response. [provided by RefSeq, Aug 2016] |
| 纯化         | Affinity Purification                                                                                                                                                     |
| Uniprot ID | P13597                                                                                                                                                                    |
| Clonality  | Monoclonal                                                                                                                                                                |
