

## IKB alpha (Phospho Y42) (19B14) Rabbit Monoclonal Antibody

Catalog# UZ-MA02347

### Product information

|                     |                                                                                                                                                     |
|---------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| 产品货号                | UZ-MA02347                                                                                                                                          |
| 别名                  | IKBA; IKBalpha; MAD3; NFKBI; NFKBIA;                                                                                                                |
| 产品名称                | IKB alpha (Phospho Y42) (19B14) Rabbit Monoclonal Antibody                                                                                          |
| 纯度                  | Affinity-chromatography                                                                                                                             |
| 类别                  | 抗体产品                                                                                                                                                |
| 基因名称                | NFKBIA                                                                                                                                              |
| 推荐应用                | WB                                                                                                                                                  |
| 反应种属                | Human                                                                                                                                               |
| 存储缓冲液               | Supplied in 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40%Glycerol, 0.01% New type preservative N and 0.05% BSA.                                        |
| Human Gene ID       | 4792                                                                                                                                                |
| Human Swissprot No. | P25963                                                                                                                                              |
| 免疫原                 | A synthetic phosphopeptide corresponding to residues surrounding Tyr42 of human IKB alpha                                                           |
| 稀释度                 | WB 1:1000                                                                                                                                           |
| 参考分子量               | 36kDa                                                                                                                                               |
| 预测分子量               | 36kDa                                                                                                                                               |
| 运输及保存条件             | -20°C/1 year                                                                                                                                        |
| 宿主                  | Rabbit                                                                                                                                              |
| 同种型                 | IgG                                                                                                                                                 |
| 注意事项                | Phospho-IKB alpha (Y42) Antibody is for research use only and not for use in diagnostic or therapeutic procedures.                                  |
| 细胞定位                | Cytoplasm. Nucleus. Note=Shuttles between the nucleus and the cytoplasm by a nuclear localization signal (NLS) and a CRM1-dependent nuclear export. |
| Clonality           | Monoclonal                                                                                                                                          |
