

## MYH11 (10S12) Rabbit Monoclonal Antibody

Catalog# UZ-MA02993

### Product information

|                     |                                                                                                                                      |
|---------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| 产品货号                | UZ-MA02993                                                                                                                           |
| 别名                  | AAT4; FAA4; MYH11; SM1; SM2; SMHC; SMMHC;                                                                                            |
| 产品名称                | MYH11 (10S12) Rabbit Monoclonal Antibody                                                                                             |
| 纯度                  | Affinity-chromatography                                                                                                              |
| 类别                  | 抗体产品                                                                                                                                 |
| 基因名称                | MYH11                                                                                                                                |
| 推荐应用                | WB,IHC-P,IF-ICC,FCM,IF-P                                                                                                             |
| 反应种属                | Human                                                                                                                                |
| 存储缓冲液               | Supplied in 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40%Glycerol, 0.01% New type preservative N and 0.05% BSA.                         |
| Human Gene ID       | 4629                                                                                                                                 |
| Human Swissprot No. | P35749                                                                                                                               |
| 免疫原                 | A synthetic peptide of human smooth muscle Myosin heavy chain 11                                                                     |
| 稀释度                 | WB 1:1000-1:5000, IHC-P/IF-P 1:200-1:1000, IF-ICC 1:50, FCM 1:20                                                                     |
| 参考分子量               | 227kDa                                                                                                                               |
| 预测分子量               | 227kDa                                                                                                                               |
| 运输及保存条件             | -20°C/1 year                                                                                                                         |
| 宿主                  | Rabbit                                                                                                                               |
| 同种型                 | IgG                                                                                                                                  |
| 注意事项                | MYH11 Antibody is for research use only and not for use in diagnostic or therapeutic procedures.                                     |
| 细胞定位                | Melanosome. Note=Identified by mass spectrometry in melanosome fractions from stage I to stage IV. Thick filaments of the myofibrils |
| Clonality           | Monoclonal                                                                                                                           |
