

## Mad2L2 (14V19) Rabbit Monoclonal Antibody

Catalog# UZ-MA03010

### Product information

|                     |                                                                                                                                                                         |

| 产品货号                | UZ-MA03010                                                                                                                                                              |
| 别名                  | hREV7; MAD2B; Mad2l2 Mitotic Arrest Deficient 2 L2; POLZ2; REV 7; REV7; REV7 homo log;                                                                                  |
| 产品名称                | Mad2L2 (14V19) Rabbit Monoclonal Antibody                                                                                                                               |
| 纯度                  | Affinity-chromatography                                                                                                                                                 |
| 类别                  | 抗体产品                                                                                                                                                                    |
| 基因名称                | MAD2L2                                                                                                                                                                  |
| 推荐应用                | WB,IHC-P,IF-P,IF-ICC,FCM,IP                                                                                                                                             |
| 反应种属                | Human,Mouse,Rat                                                                                                                                                         |
| 存储缓冲液               | Supplied in 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40%Glycerol, 0.01% New type preservative N and 0.05% BSA.                                                            |
| Human Gene ID       | 10459                                                                                                                                                                   |
| Human Swissprot No. | Q9UI95                                                                                                                                                                  |
| 免疫原                 | A synthetic peptide of human Mad2L2                                                                                                                                     |
| 稀释度                 | WB 1:1000, IHC-P/IF-P 1:50, IF-ICC 1:100, FCM 1:50-1:100, IP 1:20-1:50                                                                                                  |
| 参考分子量               | 24kDa                                                                                                                                                                   |
| 预测分子量               | 24kDa                                                                                                                                                                   |
| 运输及保存条件             | -20°C/1 year                                                                                                                                                            |
