| 同种型                 | IgG                                                                                                                                                                                                                                       |
| 注意事项                | Protein Phosphatase 1 beta Antibody is for research use only and not for use in diagnostic or therapeutic procedures.                                                                                                                     |
| 细胞定位                | Cytoplasm. Nucleus. Nucleus, nucleoplasm. Nucleus, nucleolus. Note=Highly mobile in cells and can be relocalized through interaction with targeting subunits. In the presence of PPP1R8 relocalizes from the nucleus to nuclear speckles. |
| Clonality           | Monoclonal                                                                                                                                                                                                                                |
