

## QK1 (3T13) Rabbit Monoclonal Antibody

Catalog# UZ-MA03823

### Product information

---

|                     |                                                                                                              |
|---------------------|--------------------------------------------------------------------------------------------------------------|
| 产品货号                | UZ-MA03823                                                                                                   |
| 别名                  | HKQ; Hqk; HQK1; HqkI; QK1; QK3; QKI; QKI1;                                                                   |
| 产品名称                | QK1 (3T13) Rabbit Monoclonal Antibody                                                                        |
| 纯度                  | Affinity-chromatography                                                                                      |
| 类别                  | 抗体产品                                                                                                         |
| 基因名称                | QKI                                                                                                          |
| 推荐应用                | WB,IF-ICC,IP                                                                                                 |
| 反应种属                | Human,Mouse                                                                                                  |
| 存储缓冲液               | Supplied in 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40%Glycerol, 0.01% New type preservative N and 0.05% BSA. |
| Human Gene ID       | 9444                                                                                                         |
| Human Swissprot No. | Q96PU8                                                                                                       |
| 免疫原                 | A synthetic peptide of human QK1                                                                             |
| 稀释度                 | WB 1:1000-1:5000, IF-ICC 1:50-1:100, IP 1:10-1:100                                                           |
| 参考分子量               | 38kDa                                                                                                        |
| 预测分子量               | 38kDa                                                                                                        |
| 运输及保存条件             | -20°C/1 year                                                                                                 |
| 宿主                  | Rabbit                                                                                                       |
| 同种型                 | IgG                                                                                                          |
| 注意事项                | QK1 Antibody is for research use only and not for use in diagnostic or therapeutic procedures.               |
| 细胞定位                | Nucleus. Cytoplasm.                                                                                          |
| Clonality           | Monoclonal                                                                                                   |
