| 产品货号       | UZ-MA04544                                                                                                   |
| 产品名称       | TMEM16A (2G17) Rabbit Monoclonal Antibody                                                                    |
| 类别         | 抗体产品                                                                                                         |
| 推荐应用       | WB, IHC-P,IF-P, IF-ICC, FCM                                                                                  |
| 反应种属       | Human                                                                                                        |
| 存储缓冲液      | Supplied in 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40%Glycerol, 0.01% New type preservative N and 0.05% BSA. |
| 稀释度        | WB 1:1000-1:5000, IHC-P/IF-P 1:200-1:1000, IF-ICC 1:200, FCM 1:200                                           |
| 参考分子量      | 150kDa                                                                                                       |
| 预测分子量      | 114kDa                                                                                                       |
| 运输及保存条件    | -20°C/1 year                                                                                                 |
| 宿主         | Rabbit                                                                                                       |
| Uniprot ID | Q5XXA6                                                                                                       |
| Clonality  | Monoclonal                                                                                                   |
