| 预测分子量               | 24kDa                                                                                                                                                                                                                                                                                                                                       |
| 运输及保存条件             | -15°C to -25°C/1 year(Do not lower than -25°C)                                                                                                                                                                                                                                                                                              |
| 细胞定位                | Cytoplasm . Cytoplasmic vesicle, secretory vesicle, acrosome . Cytoplasm, cytoskeleton, cilium basal body . Cell projection, cilium, flagellum . Nucleus . In caudal sperms localizes onto sperm head. Is also present on midpiece and principle piece of sperm tails. Acrosome and sperm tail localization is regulated by Y-chromosome. . |
| Clonality           | Polyclonal                                                                                                                                                                                                                                                                                                                                  |
