

## CATW (Cleaved Val128) Rabbit Polyclonal Antibody

Catalog# UZ-PA02122

### Product information

---

|                     |                                                                                                           |
|---------------------|-----------------------------------------------------------------------------------------------------------|
| 产品货号                | UZ-PA02122                                                                                                |
| 别名                  | Cathepsin W (EC 3.4.22.-;Lymphopain)                                                                      |
| 产品名称                | CATW (Cleaved Val128) Rabbit Polyclonal Antibody                                                          |
| 类别                  | 抗体产品                                                                                                      |
| 基因名称                | CTSW                                                                                                      |
| 推荐应用                | WB,ELISA                                                                                                  |
| 反应种属                | Human,Mouse,Rat                                                                                           |
| 存储缓冲液               | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% New type preservative N .                       |
| Human Gene ID       | 1521                                                                                                      |
| Human Swissprot No. | P56202                                                                                                    |
| 免疫原                 | Synthesized peptide derived from human CATW (Cleaved-Val128)                                              |
| 稀释度                 | WB 1:1000-2000, ELISA 1:5000-20000                                                                        |
| 预测分子量               | 28 42kDa                                                                                                  |
| 运输及保存条件             | -20°C/1 year                                                                                              |
| 宿主                  | Rabbit                                                                                                    |
| 同种型                 | Rabbit,IgG                                                                                                |
| 细胞定位                | Endoplasmic reticulum .                                                                                   |
| 纯化                  | The antibody was affinity-purified from rabbit serum by affinity-chromatography using specific immunogen. |
| Clonality           | Polyclonal                                                                                                |
