| 产品货号      | HZ-YMA01412                                                                                                                 |
| 别名        | PDLIM3                                                                                                                      |
| 产品名称      | ALP (16L9) Rabbit Monoclonal Antibody                                                                                       |
| 类别        | 抗体产品                                                                                                                        |
| 基因名称      | ALP                                                                                                                         |
| 推荐应用      | WB,IHC-P,IF-P,IF-F,IF-ICC,ELISA                                                                                             |
| 反应种属      | Human                                                                                                                       |
| 存储缓冲液     | PBS, 50% glycerol, 0.05% Proclin 300, 0.05%BSA                                                                              |
| 稀释度       | IHC-P 1:200-1:1000, WB 1:2000-1:10000, IF-P/IF-F/IF-ICC 1:200-1:1000, ELISA 1:5000-1:20000                                  |
| 参考分子量     | 39kDa                                                                                                                       |
| 预测分子量     | 39kDa                                                                                                                       |
| 运输及保存条件   | Biological ice bag transportation. Store at -20°C for at least 12 months(Do not lower than -25°C). Avoid freeze/thaw cycles |
| 宿主        | Rabbit                                                                                                                      |
| 同种型       | IgG,Kappa                                                                                                                   |
| 细胞定位      | Isoform 1 is highly expressed in differentiated skeletal muscle. Isoform 2 is heart-specific.                               |
| Clonality | Monoclonal                                                                                                                  |
