| 预测分子量               | 11kDa                                                                                                                                                                                                                                                                                                 |
| 运输及保存条件             | Biological ice bag transportation. Store at -20°C for at least 12 months(Do not lower than -25°C). Avoid freeze/thaw cycles                                                                                                                                                                           |
| 宿主                  | Rabbit                                                                                                                                                                                                                                                                                                |
| 同种型                 | IgG,Kappa                                                                                                                                                                                                                                                                                             |
| 背景介绍                | This gene encodes a basic , proline-rich , 15-kD protein. The protein acts as a positive mediator of programmed cell death that is induced by interferon-gamma. Alternatively spliced transcript variants encoding distinct isoforms have been found for this gene. [provided by RefSeq , May 2014] , |
| 纯化                  | Recombinant Antibody expressed in animal component-free (ACF) media, purified via Protein A affinity chromatography.                                                                                                                                                                                  |
| Clonality           | Monoclonal                                                                                                                                                                                                                                                                                            |
